Reserve Interstate Tax-Exempt Fund Makes Initial \$354 Million Distribution

New York, January 26, 2009 – The Reserve is pleased to announce that it began the initial distribution to its Interstate Tax-Exempt Fund shareholders today. This distribution in the amount of \$354 million represents approximately 94% of the \$375 million in total Fund assets as of the close of business on January 23, 2009. Approximately \$22 million in assets remain in the Fund, pending the maturity or sale of portfolio securities.

“We are pleased to be able to start returning money to Fund investors,” said Bruce R. Bent, president of Reserve Management Company, Inc., the Fund’s adviser. “I want to thank our investors for their patience and understanding during these past few months.”

This initial distribution is being paid to all investors remaining in the Fund, including those who submitted redemption orders that had not been funded and those who have not submitted redemption orders. The distribution includes the Fund’s net assets and accrued income, less Fund expenses. The accrued income was reinvested in additional shares, which are distributed at \$1.00 per share. Investors received \$1.00 per share in this distribution.

Updates on future distributions will be posted on our website, TheR.com.
